

### **introduction to the study pdf**

The remainder of this introduction explores the emerging fields related to religion and nature that have variously been dubbed "religion and ecology," "ecological anthropology," "cultural ecology," and "environmental history." The discussion of these fields and subfields includes several dimensions: 1.

introduction or literature review. Remember that the theory/line of inquiry selected will inform the statement of the problem, rationale for the study, questions and hypotheses, selection of instruments, and choice of methods. Ultimately, findings will be discussed in terms of how they relate to the theory/line of inquiry that undergirds the study.
