Ion Implantation and Beam Processing covers the scientific and technological advances in the fields of ion implantation and beam processing. The book discusses the amorphization and crystallization of semiconductors; the application of the Boltzmann transport equation to ion implantation in semiconductors and multilayer targets; and the high energy density collision cascades and spike effects.

Ion Implantation and Beam Processing | ScienceDirect

Ion Implantation and Beam Processing covers the scientific and technological advances in the fields of ion implantation and beam processing. The book discusses the amorphization and crystallization of semiconductors; the application of the Boltzmann transport equation to ion implantation in semiconductors and multilayer targets; and the high energy density collision cascades and spike effects.

Ion Implantation and Beam Processing - 1st Edition

Topics considered include beam processing, amorphization and crystallization, the application of the Boltzmann transport equation to ion implantation in semiconductors and multilayer targets, thermal spike concepts, ion-bombardment-induced composition changes in alloys and compounds, ion beam and laser mixing, high-dose implantation, silicon technology, gallium arsenide technology, and contacts and interconnections in semiconductors.

Ion implantation and beam processing (Book) | OSTI.GOV

The chapter discusses the developments in ion implantation, and related beam processing techniques using laser and electron beams. It also highlights the important amorphization and crystallization regimes in semiconductors that are accessible to the various beam-processing techniques.

ion implantation science and technology | Download eBook

Ion implantation is a low-temperature process by which ions of one element are accelerated into a solid target, thereby changing the physical, chemical, or electrical properties of the target. Ion implantation is used in semiconductor device fabrication and in metal finishing, as well as in materials science research.
